

SPANISH IMMERSION CLASSROOM

The Spanish Immersion Classroom will be a mixed age group (3 to 5 years old) that will provide each child an opportunity to learn a second language while they continue to learn academics and grow in all core areas of development. We will provide a rich, safe, and nurturing environment in which Spanish will be taught naturally, through specific daily classroom activities, materials, and resources. All lessons will be taught 50% Spanish and 50% English.

BENEFITS

- Acquisition of a second language
- To develop a greater cognitive flexibility, demonstrating increased attention control, better memory, and problem solving skills as well as an enhanced understanding of their primary language
- To improve social and emotional skills
